INQUIRY FORM

COOLANT FILTRATION SYSTEMS

Please fill in the details you know. We will be happy to clarify the rest with you during a consultation.

Basic data

Customer _____

Quantity _____ Tank volume _____ l

Max. tank footprint (optional) _____ mm

Machining technology (e.g. milling, grinding) _____

Filtration and pump parameters

Type of coolant: ☐ emulsion ☐ oil

Filter: filter flow rate _____ l/min filtration fineness _____ µm

Pumps (output flow and pressure)

	Quantity	Flow (l/min)	Pressure (bar)
1.			
2.			
3.			
4.			

Accessories

Temperature control

Heating / cooling: ☐ yes ☐ no

from _____ °C to _____ °C

Magnetic separator

Ferromagnetic chips in coolant: ☐ yes ☐ no

Oil separator

Oil separator: ☐ yes ☐ no

Electrical equipment

Control cabinet: ☐ yes ☐ no

Terminal box: ☐ yes ☐ no

Filter drive position

(in belt travel direction):

☐ left ☐ right

Painting

Colour RAL _____

Notes

_____
